National Speaker Biographies

Dr Dexter Bambery  
BDS, FDSRCS(Eng), FRACDS, DipClinDent, FICD, FPFA, FNZDA

Dexter Bambery is an accredited presenter with DPL and has undergone extensive training in communication skills and risk management.

After thirty years in General Dental Practice in Wellington city Dexter Bambery sold his share of a group practice and now works two days a week in private practice and spends three days a week as Professional Advisor to the Dental Council of New Zealand.

Dexter has experience over a number of years with the New Zealand Dental Association’s Peer Review programme, a mediation service for dealing with complaints about dental practitioners and was chair of the Dentists Disciplinary Tribunal for eight years. Dexter chaired the working party for the implementation of the current Health Practitioners Competence Assurance Act and continues his involvement with the Dental Council as advisor in the area of professional standards.

Other interests include Rotary and as a Past District Governor continues to be actively involved at local and international level. He has a special interest in leadership training, especially for the incoming Rotary Club presidents.

Dr Matt Barker  
Orthodontist

Matt Barker gained a Bachelor of Science from Canterbury in 1991; he then qualified as a dentist from Otago in 1994, after which he worked at the Hutt Hospital as a house surgeon, then in general practice in Kent, England, and then Christchurch, New Zealand. In 2003 Matt gained a Masters in Dental Surgery from Otago. In addition to his involvement in the New Zealand Association of Orthodontists executive committee, Matt has a private practice in central Wellington, and has been part of the central region cleft palate team and the maxillofacial team at the Hutt Hospital since 2004. He has previously lectured at NZDTA and NZAO conferences.

Dr John Bell

John graduated from the University of Otago in 1967 and completed the graduate programme at the Eastman Dental Centre University of London in 1974. Since 1990 he has been in Specialist Private Practice (Prosthodontics).
Colleen Coulter
Colleen is the New Zealand manager for GC Corporation, a company well known for its advances in glass ionomer cements and their commitment to dental research and development.

Colleen has been involved in the dental industry for over 20 years and is a current member of the IADR (International Association of Dental Research), regularly attending their annual overseas research meetings. She has an advanced Diploma from Lincoln University but her major areas of interest include the material science, in particular with regards to adhesion, glass ionomer cements, and the prevention/remineralisation side of dentistry. She is actively involved in training and education, with a presenting role at the University of Otago as well as being an invited speaker at numerous branch and study group meetings throughout New Zealand.

Vivien Daley
(M.P.H. (distn), BSc, BA, Dip Ed, Dip Tchng)
Vivien Daley is currently the Smokefree Manager of the Canterbury District Health Board, with responsibility for developing the strategic direction for Smokefree in the CDHB area, with a particular emphasis on implementation of the ABC Strategy for Smoking Cessation across primary and secondary care. Her previous work history includes some years at Pegasus Health as Population Health Manager, time at the Christchurch School of Medicine conducting research in the adolescent sexual health area, and many years working in health promotion in the community. She is currently the Vice-President of the Public Health Association of New Zealand and a Board member of the Health Promotion Forum (NZ). Vivien is a past Chairperson of Smokefree Canterbury.

Dr Jacob Grieve
After graduating with distinction from Otago University in 2002, Jacob practiced as a Dental House Surgeon in Dunedin. Later he gained further experience as a Senior House Officer in Oral and Maxillofacial Surgery in Manchester, United Kingdom.

Upon returning to God’s own, Jacob focused on general dental practice and was fortunate enough to purchase a practice in 2007. He has enjoyed the dual challenge of clinical excellence coupled with good business management.

Jacob was admitted as a fellow of the Royal Australasian College of Dental Surgeons (General Stream) after passing the secondary exams in 2008. In 2009 Jacob received the NZDA Outstanding Young Dentist Award.

Jacob is a part-time clinical tutor for final year dental students. Jacob is passionate about all areas of general dentistry but fosters a special interest in cosmetics and wisdom teeth removal. The provision of dental care for those in need but without means is another interest of Jacob’s. He has run dental aid trips to Cambodia, and is exploring ways of providing charitable care for New Zealanders in a sustainable way.

When not in the office, Jacob enjoys cycling both on and off road, attending Southlife church and spending time with his wife Justine and boys, Joshua and Daniel.
Dr Jeffrey G Kirwan  
MBChB, FRANZCP, Cert POA  
Consultant Psychiatrist of Old Age  
Clinical Director of Older Persons’ Health Service (OPHSS)  
Canterbury District Health Board (CDHB)

Dr Kirwan’s clinical interests include treatment of depression and Electroconvulsive treatment in the elderly. He is the specialist overseeing the Consult-Liaison and Delirium Service for Older People in the CDHB. His current research interests are the treatment of Alzheimer’s Disease and he has participated in several clinical trials over the past 10 years.

Dr Kirwan’s management role for the last 3 years is that of Clinical Director for all of OPHSS, which includes Psychiatry of Old Age and Geriatric Medicine.

Deepa Krishnan  
NZDA-Colgate Oral Health Educator, New Zealand Dental Association

Deepa is employed as an Oral Health Educator for the New Zealand Dental Association. Deepa has a BDS degree from India; a PGDipPH from the University of Auckland and is currently studying part-time to complete her Master’s degree. She works on a number of projects for the Association, all of which are aimed to prevent dental disease and promote oral health. Deepa works in partnership with various organisations including the Ministry of Health, DHBs, Plunket, PHOs and the dental industry. Her particular interest groups are children and Older People. She is currently working on a project to provide caregivers with information and training to help older people maintain good oral health.

Dr Richard Longbottom

Dr Richard Longbottom graduated from the University of Otago School of Dentistry BDS. From 1999-2001, he went to the University of North Carolina at Chapel Hill, NC, USA and completed his Masters in Implantology and Periodontology. He is currently Adjunct Assistant Professor to the University of North Carolina, Chapel Hill. He was recently nominated as a Fellow of the International Team of Implantologists. Dr Longbottom lectures extensively in New Zealand to dentists, dental hygienists and dental therapists. He is currently practicing at 31 Peach Pde, Remuera, Auckland where he is in full time private practice.

Dr Don Macalister

Don Macalister is a Specialist Oral Surgeon in Private practice in Auckland
He has had a career long special interest in conscious sedation and has been active in the post graduate teaching of the subject for over 15 years.

Dr Steve Manning

Steve Manning has been in private specialist endodontic practice for over twenty, most of which has been in Christchurch. He has lectured in New Zealand, Australia and Canada. Endodontics is his main area of clinical interest, but he has a keen interest in the management of dental trauma and also dental implants.

Dr David Marshall

David Marshall was in general dental practice in Napier for over forty years. He sold his practice in April 2005 and now works halftime for the Hawke’s Bay District Health Board as Principal Dental Officer and Senior Dentist.
He was elected to the Napier City Council in 1983, and had two terms including a term as deputy mayor. Following the establishment of Regional Councils in 1989, he was elected to the Hawke’s Bay Regional Council for two terms.

He spent another six years as Chairman of the Dental Council of New Zealand, and following the formation of District Health Boards in 2001, was elected to the Hawke’s Bay District Health Board. He was appointed deputy chairman by the then Minister of Health for both his terms on the DHB. He retired from local body politics in October 2007.

He was made an Officer in the New Zealand Order of Merit in the Queen’s Birthday Honours in 2003 for his services to dentistry, local government and the community. He is married to Gabrielle and they have five daughters.

**Megan Sharpe**

Meg is a well known presenter throughout New Zealand and delivers a comprehensive and informative presentation of theory in a method for practical application to everyday clinical practice in the dental setting.

With a clinical background and a passion for dentistry, specifically infection control, Meg imparts her knowledge in an interactive and friendly manner ensuring all members of the team are clear about their role responsibility and accountability for the management of the infectious cycle and the reprocessing of instrumentation and equipment.

**Dr Alastair Stokes**

Alastair recently retired from the Canterbury Oral Health Centre where he provided dental services for the elderly in the domiciliary setting. His role required liaison with carers, relatives, general medical and dental practices and most importantly, elderly patients.

**Dr Hugh Trengrove**

Hugh graduated BDS from Otago University in 1984 and has been in military and hospital practice since. He completed his Masters Degree in 1993 and Royal Australasian College Fellowship in 1994 gaining specialist registration in Restorative Dentistry in 1997. Hugh has been Regional Director of Dental Services for Wellington including Clinical Head of Department for the Dental Department at Capital and Coast DHB and for the Community Dental Services at Hutt Valley DHB. Having completed 3 years as Director of Defence Dental Services Hugh is currently the Chief Staff Officer (Health) with responsibilities for health support to NZ Defence Force personnel deployed on overseas operations. Hugh has an interest in the use of oral appliances for the management of sleep apnoea and has ten years experience providing appliances in both public and private settings.

**Dr Neil Waddell**

Neil Waddell has been a Dental Technician since 1979 and has worked in Rhodesia, South Africa, Australia and New Zealand. He holds a Master’s Diploma in Dental Technology (Technikon Natal); Postgraduate Diploma in Clinical Dental Technology (University of Otago); Higher Diploma in Education (University of Natal) and is currently enrolled in a PhD. Neil is a senior lecturer in the Department of Oral Rehabilitation, School of Dentistry, University of Otago. He has lectured internationally on a wide variety of subjects in dental technology during the past 20 years and during this time, developed specialist expertise in the areas of implant overdentures; dental materials; maxillofacial and ocular prosthetics; and crown and bridge ceramic restorations. Neil’s current research interests are in the fields of bar-attachment system failure
in implant overdentures; adhesion and failure mechanisms of ceramics and ceramics bonded to teeth; in vitro modelling of blunt force trauma, wounding and ballistic blood spatter for forensic analysis.
