

# Finance 101 – Financial Tips & Tools for NEW Practice Managers

**Glenn Richards and Russell Goodbrand**

**KPMG**

This session is designed to provide attendees with an understanding of key financial statements (Profit & Loss, and Balance Sheet) as well as related concepts, to equip practice managers with the knowledge required to adequately manage the financial records of a practice.

Attendees should also gain an understanding of key accounting software options and some basic tax matters to be conscious of (GST & Income Tax).
