

## Health Care Home Model of Care

*Jessica White - Representing Health Care Home National Collaborative*

Jessica White HCH Programme Lead for the Hutt Valley and a member of the HCH National Collaborative will provide an overview on the growth and coverage of the Health Care Home Model of Care. Looking at what's different for practice staff and the key Model of Care changes, as well as cover off the Hutt Valley approach focusing on equity and consumer co-design.

Consumer Co-design is an important part of a process to engage people, consumers, family and staff, to capture their experiences and ideas, organise the learning that it brings to create new understanding and insight from the perspective of the care and emotional journey.
